

# Projects

JOB NAME:	Truck to Rail Loading Facility
LOCATION:	Lashburn, SK
ROLE:	General Mechanical Contractor
START DATE:	February, 2015
COMPLETION DATE:	August, 2015
VALUE:	\$8,000,000.00

## **Project Description**

TAHK Projects was the General Mechanical Contractor for this state of the art, truck to rail crude oil transloading facility capable of loading out unit trains. Product is trucked in from regional wells and is offloaded to the bulk storage tanks via the truck offloading rack. Railcars are shuttled to the loading rack where an automated system routes and meters product into multiple railcars simultaneously.

## **Scope of Work**

- Module fabrication and assembly
- Structural Steel installation
- Pipe fabrication
- Set and install equipment and associated piping
- Subcontractor management
